

WEB DESIGNER & WEB DEVELOPER

About me

I Love Everything About Design

I am a self-taught Web Developer and I've been learning with the help of different online resources.

[vector](#)

Back-end

My main focus. I love algorithm & software design. RESTful & secure back-end with authorizations and database validations

[vector](#)

Front-end

Responsive & animated layouts with performance optimization

[vector](#)

Best Practice

Clean code, following style guides, naming conventions & pattern principles

[vector](#)

Best Practice

I've learnt to google, read error messages & understand documentations

Team Buddy

Github team workflow using feature branches & pull requests/code reviews. MVP & agile methodology for projects

Learning & Sharing

My purposes at heart. My best coding experiences are the ones I have with other people. I strongly believe in team synergie

Skills

Frontend
